The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

Parking Considerations: All NDPCers..... If you can, please help us reserve the spaces around Retreat Nail Studio in Medlock Plaza for their customers and staff on Sundays. Thank you.

The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

April Trip to Haiti Organizing Now

The Seeds of Hope Atlanta Church Group invites adults and youth 16 and older to participate in a Cross Cultural Engagement Interfaith Trip to Haiti from April 2 – 9, 2016. The Long Range Plan for NDPC calls for the church to increase our diversity as a congregation. The Diversity Committee, tasked by the Session with implementing this objective, has been meeting and studying for several months. In order to make plans as we move ahead this committee needs some information about how diverse we currently are. We are asking members to complete a survey to help us understand the current composition of our congregation. The survey is short and simple; it will provide a snapshot of our current state. We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

We need as many responses as possible. Please take a few minutes to fill in the survey as soon as we have the link ready to make available to you. The survey link will be available in a future edition of the Communicator and a paper copy will be available in the Narthex.

If you are wondering how you are doing on your 2015 pledge, you will be pleased to know that statements of giving through September 30 are available upon request to jack@ndpc.org

Parking Considerations: All NDPCers..... If you can, please help us reserve the spaces around Retreat Nail Studio in Medlock Plaza for their customers and staff on Sundays. Thank you.

If you would like to meet at the church, weekday or weekend, please remember to reserve a room with Maria in the Church office (maria@ndpc.org)
